CRECHE

Our crèche facility provides a safe, fun and secure child minding service for patrons and members of Karratha Leisureplex. While making the most of our facilities you can feel rest assured that your children are being well cared for by our staff.

Under the Children and Community Services Act 2004 and the Children and Community Services Regulations 2006 our Crèche service meets the criteria to be considered as "care that is not a child care service" and therefore we are not a licensed child care facility.

The crèche is available to children aged 8 weeks to 12 years.

On your first visit to the crèche you will be asked to complete a registration form for each of your children before leaving them in our care. On each visit you need to sign your child in and out of the crèche attendance book.

Parents/guardians must inform crèche staff of their exact location within the centre. It is a requirement that parents/guardians do not leave the Karratha Leisureplex premises while their child is in the care of the crèche.
